

# Informative Session on Internet Safety Programs and Cell Phone "Sexting"

Detective Bryan Fischer of the Helena Police Department will present on the illegal risks associated with "sexting" and the necessity for internet safety. "Sexting" is prevalent among today's youth while knowledge of its catastrophic consequences is not.

Do you know:

- children and teens can be charged with a sex offense because of a single "sext"?
- a "sext" meant for one person can become an image viewed by the world?
- about the resources available for protecting your family and those you care about from these dangers?

Pizza and soda will be served beginning at 5:30 pm. We would appreciate it if you inform us in advance if you plan on attending.
